Gaming

## PROFILE

I'm a passionate and detail-oriented Front End Developer with a keen eye for design and a deep understanding of modern web technologies. I specialize in creating responsive, user-friendly, and visually appealing websites that deliver seamless experiences across all devices.

## PROFESSIONAL EXPERIENCE

### 2022 - PRESENT • PlentyONE

Front End Developer

- Developed and maintained dynamic, responsive web solutions using Angular and GWT (Google Web Toolkit) to enhance user experience and performance.
- Collaborated with UX/UI designers to implement intuitive user interfaces that align with modern design trends and improve usability.
- Collaborated with backend developers to troubleshoot and resolve complex issues, ensuring smooth data exchange between the frontend and backend systems.
- Created design mockups using Figma for sharing my design ideas and getting feedback for new solutions before implementing them.

### 2021 - 2022 • Webmagnat SRL

Front End Developer

- Designed and developed custom, responsive web applications using Vue.js, ensuring an optimal user experience across a variety of devices.
- Worked closely with clients to understand their needs, translating them into custom solutions with intuitive interfaces and efficient functionality.

### 2019 June - August • Bitdefender

Data Warehouse Developer Intern

- I assisted in the management of data warehouse systems, supported the design and implementation on data models that accurately represent business scenarios and contributed to the management of databases.

## EDUCATION

### 2017 - 2021 • Bachelor of Science in Computer Science

Politehnica University of Bucharest, Faculty of Automatic Control and Computer Science
